Good afternoon, I would like to start out by saying that I feel I have a great working relationship with the media in our area. I work many hours and sometimes on my days off to relay information to the media outlets. I want you guys to know I do have a personal life and sometimes I can't respond to your e-mails as quick as you would like. I am out of town at times spending it with my family. I have trainings, State Fair, Trooper Island, and other events I have to attend, which causes me to be out of town also.

I say all this to say this, from this point forward when KSP is working an investigation, you are to wait until OUR (KSP) press release is sent out before putting anything out on social media, radio, and newspaper. No more posting inaccurate information from Sheriff's or anyone else. I don't care to confirm something and then get a release out later.

Authority of my supervisors, if this continues, you will be taken off our media distribution list. Thanks Shane.
